

MJP-SCALE-5500

5,500lbs. Hand Pallet Jack with Scale.

Simple, Robust, Accurate, Ideal choice for material handling in logistic centers, warehouses, supermarkets, etc.

The built-in weighing system shows the weight of the loading cargo

It enables you to reach:

- ① Maximum Flexibility
- ② Time and cost Saving
- ③ High Precision

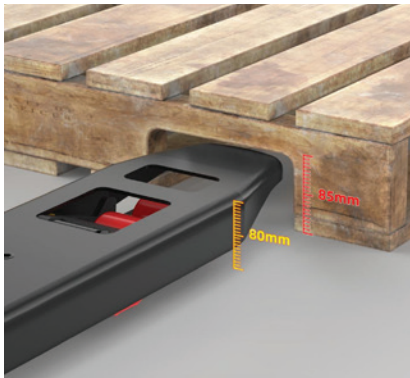

Specifications:

Model	kg (lbs)	MJP-SCALE-5500
Load capacity	mm (in)	2500kg (5500lbs)
Lowered fork height	mm (in)	80mm (3.15") / 85mm (3.3")
Lift height	mm (in)	195mm (7.68") / 200mm (8")
Steering wheel	mm (in)	180x50mm (7"x2")
Loading Wheel	mm (in)	70x60mm (2.75"x2.36") (Tandem) / 74x90mm (2.9"x3.5") (Single)
Overall width of forks	mm (in)	570mm/700mm(22.4"/27.5")
Fork length	V/Ah	1150mm (45") / 1220mm(48")
Battery		6V4Ah (1pc)
Wheel type		Nylon/PU
Service Weight (with nylon wheel)	kg (lbs)	94kg/105kg (207lbs/231lbs)
Weighing Accuracy		0.1%
